4-H Pledge

I pledge:
My Head to clearer thinking,
My Heart to greater loyalty,
My Hands to larger service, and
My Health to better living,
For my club, my community,
My country and my world.

Certified Instructors: Wade Willingham and James King
Pre-register by Monday, February 2, 2015 by calling: Franklin county Extension Office at 256-332-8880

4-H Woodworking Exhibit Plan
A Treasure Box
Materials Needed
One 36" piece of 1" x 4" soft wood for the sides and end (actual dimensions: 34½” x 3½” x 36½”)
One 24" piece of 1" x 8" soft wood for the top and bottom (actual dimensions: 24” x 7½” x 24½”)
No. 6 finishing nails
Sandpaper (80 grit and 220 grit)
Two 1” x 1” hinges
1/2” wood screws (8)

Tools Needed
Pencil
Ruler
Square
Hacksaw
Screwdriver
Hammer
Small paintbrush

How to Make a Treasure Box
1. Using the ruler and square, cut the 1" x 4" board for the sides and ends. Saw two pieces 9½” long for the front and back and two pieces 7½” long for the sides.
2. Saw the 1” x 8” board into two pieces 11” long for the top and bottom.
3. Cut a 2” strip along back edge of the top piece for hinge attachment.
4. Assemble the sides and ends, using No. 6 finishing nails.
5. Nail the bottom to the sides and ends. Nail the 2” strip to the top back edge of the box.
7. To finish your box, assemble the top by installing two hinges (1” x 1”), 1½” from each end of your Treasure Box.
8. Your Treasure Box may now be used to store your collectibles, such as baseball cards, arrowheads, pictures of friends, 4-H ribbons, or other valuable items such as money, jewelry, or cosmetics.

What “Wood” U Build?
2015 Project Design: Treasure Box
You must build the project according to the woodworking pattern provided. You cannot use a kit. You must do all the construction yourself. Your name, home address, telephone number, school and 4-H Teacher/Leader’s name need to be on a small piece of paper and taped to the bottom of your project. Projects will be judged on the quality of workmanship and construction and ability to follow the instruction given in the plan. Awards will be given for 1st, 2nd, and 3rd place county winners.
This project is due at your school club meeting when your Teacher tells you to bring it to school.
