

Electric Celebration Contest For Junior 4-H Members

Do you like to do things with batteries and light bulbs or motors? Do you like to take things apart and put them back together?

Then **Electric Celebration** is just for you!

Here is your challenge. Build an electrical device to celebrate a holiday. It could be anything – a Christmas tree or Chanukah candles. Maybe a decoration for Kwanza or a Halloween surprise. You could even make digital July 4th fireworks or an electric birthday cake or something for 4-H Week!

Electric Celebration lets you:

- Create something new.
- Share your skills and knowledge.

What You Will Learn:

- About electricity and electronics
- How to use electricity to perform work
- How to solve problems

The Rules!

The rules are pretty simple:

- There should be only one switch or switching device to turn it on and off.
- It should be easy to use and safe to operate.
- You must use batteries for the Junior 4-H Electric Celebration.
- No larger than 18" x 18" x 18"

You will need to be able to explain your design and answer questions from the judges about what you have learned.

Contest Prizes

- 1st, 2nd, 3rd and Participation Ribbons and cash prizes
- First Place Winner will advance to the Regional Level Contest

Your project must be turned into the Cherokee County Extension Office by February 28, 2008.

You must call (927-3250) by February 25, 2008 to sign-up for the contest.

Issued in furtherance of Cooperative Extension work, acts of May 8 and June 30, 1914, and other related acts, in cooperation with the U. S. Department of Agriculture. The Alabama Cooperative Extension System (Alabama A & M University and Auburn University) offers educational programs, materials, and equal opportunity employment to all people without regard to race, color, national origin, religion, sex, age, veteran status, or disability.
