Alabama REIN  
Attn.: Cindy McCall  
210 Upchurch Hall  
Auburn University  
Auburn, AL 36849

This course was made possible through a cooperative effort of the Alabama Horse Council ([www.alabamahorsecouncil.org](http://www.alabamahorsecouncil.org)) and the Alabama Cooperative Extension System ([www.aces.edu](http://www.aces.edu))

## The REIN course provides:

### Horse Owners

- the power to increase the level of care you provide your horses
- the confidence to recognize and understand improved care and management practices for your horses
- the ability to make informed decisions about new technologies and products available for horse care

### Horse Professionals

- confirmation that you are a distinctive individual who embraces continuing education about horses and the horse industry
- the professional qualifications that your clients are looking for
- the ability to streamline many aspects of your horse-related activities

### Horse Industry Personnel

- confidence that you can provide correct answers to your clients= questions about basic care and management
- recognition of your role as a major participant in the evolving horse industry
- documentation of your commitment to improving horse care

The Alabama Cooperative Extension System offers educational programs, materials, and equal opportunity employment to all people without regard to race, color, national origin, sex, age, veteran status, or disability
