

**Lightbar Guidance System Demonstration Program  
2009 Survey**

**Have you used a GPS guidance system before?**

**If yes, what type?**

**What has been the primary application(s) for the guidance system in your operation?**

**Has the use of the lightbar guidance system benefitted your operation?**

**If Yes, how so?**

**Do you feel the guidance system has reduced overlap with fertilizer and chemical applications? If yes, what is your estimate of savings?**

**How has using the guidance system affected time management on the farm?**

**What other benefits have you identified in using the guidance system on your farm?**
