What Wood U Build?

For Junior & Intermediate 4-H

Woodworking is a great hobby. You can build practical things to use around the house – things like furniture. Or you can build toys and models.

What Wood U Build? helps you learn about woodworking. You make decisions about what you like.

This year the project is a tray.

This project lets you:

- Show off your creativity.
- Learn about design and construction.
- Use your skill as an artist and craftsman.
- Plan, organize and carry through on a challenging project.

The Rules

- It can't be any larger than 18 inches x 18 inches x 18 inches.
- You must work from a plan distributed by the event planning committee.
- You must do all the construction yourself.
- You can't use a kit.
- Your name and county need to be on a small piece of tape attached to your project.

Something to Think About

Can you use what you have learned to help others? Service to others is an important part of 4-H.

Score Cards for this Project
