News Release

Another Successful Year in the 4-H Clover Classroom

Year four of the 4-H Clover Classroom is now complete and we had the pleasure of enrolling 156 youth in nine different day-camps. This year's workshops included: Archery, Sewing, Beginner and Advanced Kids Cooking Camp, Sportfishing, Horsemanship, Parent/Child Food Preservation, GPS Scavenger Hunt, and Vermiculture (Worms 101).

This year's 4-H Clover Classroom would not have been possible without the wonderful support of our sponsors. We would like to send a HUGE "Thank You!" to each of them: Honda Manufacturing of Alabama, Coosa Valley Resource Conservation & Development Council, CenturyTel, St. Clair County Farmers Federation, Royal Foods of Alabama, Hazelwood's Greenhouses & Nursery, Inc., Pell City Rotary Club, and Metro Bank. We also would like to thank Williams Intermediate School, Moody High School, St. Clair County High School, Ashville Middle School, Pell City High School, The Village at Cook Springs, and Pell City Parks and Recreation for the use of their wonderful facilities. And last but not least, the 55 adult and youth volunteers as well as Extension educators who gave of their time and talents to make this year's workshops such a success!

Please visit our website www.aces.edu/stclair to view pictures of last year's event. Just click on the St. Clair County 4-H link. Pictures from our 2009 4-H Clover Classroom will be coming soon.

We are looking forward to our fifth year in 2010 and have already started making plans. If your child is interested in participating next year, please check our website next spring for more details or call and request that your name be added to our *Extension Newsletter* mailing list, which will include information about the Classroom as it becomes available.

For more information about 4-H or if you would like to be a 4-H Volunteer, please contact Tonya Tomlin, 4-H Agent Assistant at the St. Clair County Extension Office at 205-338-9416 or email tomlita@aces.edu.
