### **4-H Clover Classroom 2010**

Registration for the 2010 4-H Clover Classroom is underway!! We still have some openings left in Sportfishing, Beginner Cooking Camp, and the Auburn Road Trip. These spots will NOT last long, so if you are thinking of registering a child for these classes, do it QUICKLY! They do not have to be a member of 4-H to participate.

- Sportfishing: students will learn basic fishing skills, casting, water safety, and fish in a stocked pond.
- Beginner Cooking Camp: Students will learn the basics of cooking, kitchen safety, prepare their own lunch and even do a little cake decorating.
- Auburn Road Trip: We will travel to Auburn University Campus, tour the home of the Alabama Cooperative Extension System, participate in a walking tour of campus, eat lunch at Historic Toomer's Drugstore, and end the day with a program by the Raptor Center.

If you know a child that would like to attend any of these classes, please contact us at the St. Clair County Extension Office [www.aces.edu/stclair](http://www.aces.edu/stclair) or call 205-338-9416.
