

East Alabama Fire Ant Field Day

Hosted by the

Alabama Cooperative Extension System

Friday, April 18, 2008

Campus of Lyman Ward Military Academy

174 Ward Circle

Camp Hill, Alabama

Fire ants are major pests in pastures, hayfields, home lawns, athletic fields, city parks, golf courses, cropland, rights-a-way, and vegetable gardens. Come join us for the East Alabama Fire Ant Field Day where one will learn how to effectively manage ones fire ant populations. This educational workshop will feature fire ant biology, research based and proven control techniques, as well as, six educational tracks for location specific hands-on fire ant control product demonstrations.

*Pesticide Points & CEUs will also be offered. *

8:30 a.m.	Registration	11 a.m.	Visit Exhibits and Vendors
9 a.m.	Fire Ant Biology	12 noon	Lunch
9:30 a.m.	Biological Control of Fire Ants	1 p.m.	Hands-on Demonstrations
