

# ***Chilton Area Peach Production Meeting***

**Thursday, January 24, 5:00 pm until 8:30 pm**

**Alabama Power Co. Clanton Conference Center, Clanton, Alabama**

Topics and speakers for this year's program include: "Peach IPM, Chill Hours, and Production Updates" - Bobby Boozer, "Use of Ethrel to Thin Peach Fruitlets: Preliminary Results" - Elina Coneva, "Chilton Research and Extension Center Update"- Jim Pitts and Matthew Price, "Updates from Horticulture Division, Alabama Farmers Federation" – Brian Hardin, and more timely information that you'll want to know about. If our chill hour accumulation does not improve dramatically we will likely include some Dormex discussion as well.

The Alabama Power Co. Clanton Conference Center is located at 2030 7<sup>th</sup> Street South. This is about ½ mile north of I-65 Exit 205 on US Hwy. 31.

**RSVP by 1/21: Supper will be served, so PLEASE be sure to call the Chilton County Extension Office (205) 280-6268 to make your reservation today!**
