Cloverbuds – For A Great Start

Clovers Need to Bud!

Are Clovers budding in your community? Cloverbuds are for ages 5-8. Like *everything 4-H*, they are designed to be fun! For information, go to:

Choctaw County's Sewing Sensations: Another 4-H Success Story

If you have style, shouldn't you flaunt it? 4-H in Butler answered with a resounding YES! And can those ladies work a fashion runway!

Working with volunteer leader, Betty May, the Sewing Sensations 4-H interest club strutted its stuff on the runway at the First United Methodist Church. Family and friends looked on as our super models showed off designs ranging from pajamas and robes to Easter and graduation outfits. Oh, and those purses weren't Gucci – they were from up-and-coming designers like **Pope** and **Boykin**.

During the May 15 event, Mrs. May served as the announcer, sharing her own experiences about each of her "girls." In talking with Regional Extension Agent Susan Thompson, "Mrs. Betty" was quick to note that she gets more out of working with the girls than they do: "They just brighten my day."

The club is in its third year, and Mrs. May has to limit the size so she can give each student individual attention and assistance. "Some of the girls make Christmas presents for their families each year, and it gives them such a sense of pride."

So look out Milan, Paris, and New York, the young women clearly have you in their sights!
