

Patrick Potato's Word Search

Hi! I'm Patrick Potato.

In honor of St. Patrick's Day,

I created a word search featuring GREEN fruits and vegetables. There are tons of green fruits and vegetables. How many have you tried?

Have fun finding the 26 green fruits and vegetables hidden in this puzzle.

All of the hidden words are listed at the bottom of this page.

Have fun searching across, up, down, and diagonally. Circle as many as you can, and then have fun eating as many as you can!
