

Auburn University Presents

FishCamp

Experience of a Lifetime

July 7th - 11th, 2008

Students - age 15-18

Join us for 5 days of intense fun and hands-on activities blended into a creative learning experience that provides the broadest possible exposure to natural resources careers with an emphasis on aquaculture, fisheries management and aquatic ecology. Spend a week at Auburn University and Experience Campus Life.

Ask your instructor for more information or call David Cline 334-844-2874
