Biology/ Chemistry/Agriculture Science Teachers

K12 Growing Fish in Recirculating Systems
Basic and Advanced Teacher Workshops

Join us for these 5-day workshops sponsored by the Alabama Cooperative Extension System, Gadsden State Community College and Auburn University.

Monday June 7 – Friday June 11, 2010 - Learn how to construct and maintain recirculating aquatic systems and how to use these systems in a classroom setting. Discussions will include recirculating systems, water quality, and curriculum design.

Where: Gadsden State Aquaculture Education and Development Center, Wallace Drive Campus, Gadsden, AL

Time: 9:00 AM – 4:00 PM Daily

Cost: Seating is limited to 25 participants and there is no cost to attend the workshop (travel expenses are not covered).

To Attend: Please call 256-549-8345 to make a reservation.

For further information: Call Hugh Hammer or Timothy Adams at 256-549-8345
Or Email us: hhammer@gadsdenstate.edu or tadams@gadsdenstate.edu
