

West Alabama Stored Grain Pest Management Workshop

Thursday May 15, 2008

Location: Meet at Mr. Stanley Walters' grain bins at the intersection of Highway 80 and County Rd 23 in Browns, AL. After some hands on training we will go back to the Black Belt Research and Extension Center in Marion Junction, AL (60 COUNTY ROAD 944 MARION JCT AL 36759), for lunch and more presentations.

- 9:15 Registration, refreshments
- 9:25 Welcome, Rudy Yates, Regional Extension Agent, Alabama Cooperative Extension System
- 9:30 Why Store Grain, and Why Is Pest Management Important? Stanley Walters and Jay Lawrence
- 9:45 Sanitation, grain bin preparation, empty bin treatments Kathy Flanders, Extension Entomologist, Auburn University
- 10:30 How to set up a closed-loop fumigation system, Brian Bartlett and Jim Sharpe, DegeschAmerica
- 11:15 Loading, Moisture Content, Warren Griffith, Regional Extension Agent, Alabama Cooperative Extension System
- 11:30 Travel to Black Belt R&E center
- 11:45-12:30 Lunch
- 12:30 Aeration, Kathy Flanders
- 1:00 Monitoring, Warren Griffith
- 1:20 Grain Protectants and Top Dress Treatments Kathy Flanders
- 1:45 Fumigation and Fumigation Management Plans, Jim Sharpe, Brian Bartlett, Jay Lawrence, and Kathy Flanders
- 2:30 Adjourn

Sponsored by the Alabama Wheat and Feed Grain Check-off Committee. Lunch will be provided. Please let Rudy know if you plan to attend by May 13, so he can order enough food for lunch.
