*Please note: It may be easier to read and follow these directions from a computer or other source other than the phone the calculator is being installed on for convenience. *Please seek special instructions for adding a bookmark or shortcut on the internet for other smartphones.*

Installation Instructions:

Step 1: Navigate to www.poultryhouse.com on iPhone and click on “Minimum Ventilation Calculator for Smart Phones” link near the top of the page. The iPhone screen should look like the picture above in Screenshot 1.

Step 2: Click on the menu icon at the bottom center of the screen in the picture Screenshot 1.

Step 3: Click the “Add to Home Screen” icon at the center as indicated in Screenshot 2.

Step 4: Name the new home screen icon similar to Screenshot 3. For example, “Min Vent Calc”, or whatever you prefer to name it.

Step 5: Click on the blue “Add” button at the top right hand of the screen in Screenshot 3. The new “Min Vent Calc” icon should appear on your home screen as in Screenshot 4.

Congratulations! You may now use your new icon. Good luck this winter!
