

Healthy Living for Life A 4-H Exhibit For Junior 4-H

Do you want to be healthy and happy? Do you want to learn about good food and exercise?

Healthy Living for Life lets you:

- Learn about good cooking.
- Be safe with food.
- Learn about jobs working with food.

What You Will Also Learn:

- To build a table top exhibit.
- To show off what you know.
- How to find and organize facts.

Rules!

- Choose some topic about food, nutrition, and health.
- Teach people about that topic.
- You can work alone or in a two-person team.
- Exhibits must fit on a table 6 feet long and 3 feet deep. Your exhibit may not be taller than 36 inches. Don't use the wall to hang up stuff.
- Your work must be your own. You can use a computer to make charts or pictures.
- What you say must be correct. Tell where you got your information.
- Provide a handout about your subject.
- Nothing that moves is allowed. You can't use sound or lights.
- Be ready to answer judges' questions. Dress nicely.
- You have to set up your exhibit without too much adult help.
- Don't offer samples of food.
- Identify your exhibit as 4-H. Your audience should know you are a 4-H member. You might want to use a 4-H table cloth or display the 4-H flag.
- Cover trade names so that you are not promoting a specific brand.

Issued in furtherance of Cooperative Extension work, acts of May 8 and June 30, 1914, and other related acts, in cooperation with the U. S. Department of Agriculture. The Alabama Cooperative Extension System (Alabama A & M University and Auburn University) offers educational programs, materials, and equal opportunity employment to all people without regard to race, color, national origin, religion, sex, age, veteran status, or disability.
