

**ADULT PARTICIPANT SURVEY  
WILDLIFE MANAGEMENT**

PROGRAM OR ACTIVITY:			
DATE:		LOCATION:	

GENDER:	M / F	RACE/ETHNICITY:	
---------	-------	-----------------	--

Please give us your observations about your 4-H club by marking the appropriate box for each item. Do you “Strongly Disagree” or “Strongly Agree” with the statement? Or does your club fit somewhere in the middle? Complete the survey and return to your 4-H staff person.

Because of youth’s 4-H experience they...

4-H Science, Explorations, & Technology (SET) Skills	Strongly Disagree	Disagree	Neither Agree Nor Disagree	Agree	Strongly Agree
Learn things in Wildlife Management that help them make better decisions					
Wildlife Management has helped them become better communicators.					
Wildlife Management helped them to know more about solving problems					
Wildlife Management helped them to work better with others.					
Wildlife Management helped them to measure values such as distance, size, temperature, time, etc.					
Learned how to try out or test what they have learned to see if it's true or that it works.					
Wildlife Management helped them to learn how to use support materials (aerial photos)					
Know where to look for snails, crayfish, and mayfly larvae.					
Can identify common wildlife species.					
Understand how animals adapt to their environment.					
Can see how things we do change animal habitats.
