

## Table of Contents

Introduction to Aquatic Ecology:	
Why Include Aquatic Ecology Activities in a 4-H Sportfishing Program.....	2
Tips for Teaching Aquatic Ecology and Biology.....	6
Aquatic Ecology Concepts.....	8
Aquatic Ecology Terms/Glossary.....	9
All About Fish: Basic Biology and Ecology	
Fact Sheet: All About Fish.....	16
Fact Sheet: Fish Senses-Sight.....	17
Fact Sheet: Fish Senses-Taste and Smell.....	18
Fact Sheet: Fish Senses-Hearing and Sound.....	19
Fact Sheet: Fish Colors.....	20
Fact Sheet: Seasons of a Trout.....	21
Fact Sheet: How to make a Large Mouth Bass.....	22
Making Fish Prints.....	23
All About Fish: Classification and Identification	
Fashion a Fish.....	29
Getting to Know Your Local Fish.....	34
Fish and the Places They Live: Water and the Water Cycle	
Water We Eating.....	42
Kitchen Table Water Cycle.....	47
Fish and the Places They Live: Watersheds	
Build a Watershed: Just Add Water.....	52
Dissect a River.....	56
Fish and the Places They Live: Water Habitats	
Water, Water, Everywhere.....	60
Habitat: Temperature, Oxygen and Turbidity.....	75
Homemade Sampling Gear-Making a Secchi Disk.....	87
Homemade Sampling Gear-Building and Using a Weighted Thermometer.....	89
Fish and the Places They Live: Communities	
Aquatic Adventures.....	90
Go Fish.....	93
What Fishes Need.....	97
Aquatic Charades.....	101
Homemade Sampling Gear-Plankton Tow.....	103
Homemade Sampling Gear-Critter Collectors.....	104
Supplemental Fact Sheets	
Aquatic Leaf Eaters.....	106
Critter Collectors.....	107
Caddis Flies.....	108
Clams and Mussels.....	109
Dobsonfly.....	110
Dragons and Damsels.....	112
Fish and Fish Food.....	113
Mayflies.....	114
Phytoplankton.....	115
Snails.....	116
Why Fish Need Trees.....	117
