

Newsletter

Prepare a newsletter for your school or community. The purpose of the newsletter can be to provide information about local and global hunger, resources that can help address problems of hunger, and/or descriptions of upcoming community service events that address hunger and related issues. Also consider including some creative writing – short stories and poems that address the issue of hunger, as well as photographs, drawings or other artwork.

Examples of newsletter formats can be found at:

- Alabama Regional Newsletter for Pine Belt Clover - Newsletter of South West Alabama 4-H Region 3
