ULTRASOUND STEER EVALAUATION/SHOW

1. This contest, using ultrasound carcass data, is a unique educational opportunity designed to:
 - Familiarize exhibitors and their families with ultrasound technology;
 - Provide carcass data to both the exhibitor and the original breeder of the steer;
 - Award exhibitors who have animals that excel in producing a carcass that is the envy and goal of the industry.
2. Real-time ultrasound is a non-invasive method of estimating economically important carcass traits of the live animal. This technology is being utilized to make seedstock selections and mating decisions. All major beef breed associations are developing carcass EPDs with this valuable data. In addition, the feed lot industry is using ultrasound to group animals into uniform lots to enhance value-based marketing at harvest time.
 - Participation is on a voluntary basis. Entry fee is \$15, payable at scan time.
 - Only steers that have qualified for the State Steer Show are eligible.
 - Steers should be clean & dry when presented for measurement.
 - Measurements will be taken on **THURSDAY, MARCH 10, 2011, 1 to 6 PM.**
 - Exhibitor has option of having the animal clipped to enhance the accuracy of the Ultrasound reading. Steers that are clipped will NOT BE DISCRIMINATED AGAINST during the show. THE EXTERNAL APPLICATION OF HAIR/OR FOREIGN SUBSTANCE IS PROHIBITED.
 - This procedure WILL REQUIRE THE USE OF OIL OR OTHER LUBRICANTS. The exhibitor will be responsible for removal of residue after completion of the ultrasound measurements.
 - All measurements will be taken between the 12 & 13th rib area on the left side of the steer. Measurements to be taken include backfat depth, rib eye area and percent of intramuscular fat. These measurements will be used to determine quality grade and yield grade of each animal.
 - Only those steers with a minimum **Quality Grade of Low Choice (4% IM FAT), Yield Grade of 3 or better and Rib Eye Area of between 9 and 16 square inches**, will be eligible for premiums. Proposed formula to be used: 56.9 minus (Calculated YG times 2.3) plus (0.8 times each 1/3 grade above Low Choice) minus (0.02 times each 0.1square inch REA less than 11.5 or greater than 14.5 square inch REA)
3. Steers must be shown by the exhibitor in the State Steer Show on Friday, March 11, 2011 to be eligible for awards. The top ten (or more) placing steers must be paraded at the final placings announcement prior to the selection of the Grand and Reserve Grand Champion steers.
4. A \$25 fee will be assessed for ultra-sounding of any animal not eligible for the Ultrasound Steer Show.

2010-11 ALABAMA JUNIOR MARKET STEER PROGRAM

OBJECTIVE:

To develop the life-skills of Alabama youth by using Beef cattle as training tools. These skills are developed by making the original selection decisions and the management decisions that affect the daily care of the animals, by understanding that each animal contributes to the food-chain, and by learning about competition, by participation in the 2011 Alabama Junior Beef Expo.

Parents, agents, FFA Advisors, 4-H volunteer leaders and others are encouraged to participate in an advisory role in assisting the youth with their project animals.

EARTAGS.... All steers that are to be shown at the 2011 Alabama Junior Beef Expo, Montgomery, March 10 to 13, 2011, (and the appropriate "District Qualifying Show) **MUST** be tagged with the official "ALABAMA MARKET STEER SHOW" tag. Electronic identification (EID) and visual identification (VID) will be utilized. This includes **ALL** Breed Show steers and the Ultrasound Steer Show steers. Steers that are not properly eartagged with both an EID and a VID will not be eligible to compete in any facet of the 2011 Alabama Junior Beef Expo. All steers must be tagged and tattooed (if no readable tattoo exists) before October 1, 2010 with the information submitted on the "2011 Alabama Market Steer Show" Entry form and reported to Bob Ebert, 111B Upchurch Hall, Auburn University, AL 36849-5625 no later than October 15, 2010. It is desired that both an ACES agent and an FFA Advisor be present to witness the eartagging and tattooing of all the steers in a county.

It is important that an accurate count of steers in each county be obtained so that the appropriate number of eartags can be sent to each county. The cost of each tag is **\$5.00**. To facilitate the handling of money, the purchased eartags are included in the **\$40 Participation Fee**. **Tags should be ordered no later than September 7, 2010 to assure delivery by September 10, 2010.** Only one shipment of tags will be made to a county.

To be eligible for competition at events held between August 1, 2010 and July 31, 2011, requiring 4-H membership, the participant must be 9 years old prior to January 1, 2011, i.e., born in 1992 to 2001.

Sources include, but are not limited to the Alabama Beef Cattle Pocket Guide ANR-1323), Alabama Small Ruminant Pocket Guide (ANR-1296), current issues of the Alabama Cattlemen's Magazine, the Alabama Beef Cattle Producers Guide (ANR1100), 4-H Animal Science Skills-for-Life Series (Beef Cattle, Meat Goats, Sheep & Swine), the Beef, Sheep & Swine Learning Lab Kit and Extension publications and resources listed on the Beef website of the Auburn University Animal Science Departmental Homepage, www.ag.auburn.edu/ansc/ExtPrograms/extension.html.

ALABAMA 4-H

Jr. & Sr. Division Team Event Guidelines regarding Membership and Eligibility Post Winning (4/16/09)

Composition of the Teams

All members of a Junior Team must be age eligible for the Junior Division.

All members of the Senior Team must be age eligible for the Senior Division.

No team will consist of a combination of both Jr. and Sr. members.

Multiple Teams/Clubs from One County

If a county has two or more distinct 4-H clubs/teams, each having a separate volunteer leader and club charter, and practicing at different times, then multiple teams from a county are permitted.

Repeat Winners

Jr. Division:

Members on Junior Division Winning Teams are encouraged to continue their participation in the event in subsequent years that they remain age eligible for the Junior Division. This may result in an entire or partial team competing in the Junior Division for five (5) years regardless of their placing. Positive youth development programs promote mastery. Junior division members are gaining mastery.

Sr. Division:

It is deemed that members on Senior Division Winning Teams and/or represent Alabama at a national contest have demonstrated mastery and therefore cannot participate in the same contest in the same age division. Exceptions to this guideline are allowed if event officials have justification for stating that mastery has not been achieved by the winning team members. It should be noted that some national contest rules prevent the same contestants to return in subsequent years.

- The 4-H Livestock Scholars/Quiz Bowl competition will be Saturday, March 12, 2011 at the Beard Building.
- Open to all Alabama 4-H members. Exhibiting animals in the 2011 Alabama Junior Livestock Expo is NOT a requirement for eligibility to compete in the Scholars/Quiz Bowl.
- There are two Divisions—Junior (9-13 year-old) and Senior (over 14). Division determination is based on age as of January 1, 2011, of the oldest team member.
- The Junior Division (ages 9 to 13, born 1997 to 2001) competition will begin approximately 30 minutes after the conclusion of the last Showmanship Classes, involving 13 year old exhibitors (approximately 11:30 AM). Senior Division (14 and older, born 1996 and earlier) competition will take place immediately after the Junior competition.
- Bracket “seedings” will be determined by a Livestock Agri-Knowledge Exam, given on Saturday morning (Teague Arena, beginning at 8 AM.) All team-members **MUST** take the Livestock Agri-Knowledge Exam at the same time. Total team score will be used to determine "seedings."
- **Entry fee is \$15 per team and MUST be sent with completed 4-H Scholars/Quiz Bowl Entry Form.** Money will be used to defray expenses of drinks and other refreshments for the properly entered Scholars/Quiz Bowl teams, before and after competing.
- Completed entry forms and fees (\$15 per team) are due in the office of Bob Ebert, 111B Upchurch Hall, Auburn University, AL 36849-5625, email: ebertra@auburn.edu, phone 334-844-1563, by February 1, 2011. **NO FAXED OR ELECTRONIC ENTRIES WILL BE ACCEPTED!!**
- There is a limit of ONE team per county. The bracket “seedings” will determine the eight (8) teams reaching the Scholars/Quiz Bowl quarterfinals, in each of the 2 divisions. Juniors (ages 9 to 13) will take a 25 question, multiple-choice scantron scored quiz. Total team score will be used to determine "seedings." Seniors will take a 40 question, multiple-choice scantron scored quiz. Beginning with the quarterfinal round, buzzers will be utilized to determine which team moves on to the next round.

SCHOLARS/QUIZ BOWL RULES

- Before starting quarterfinal-round competition, each team will assign each contestant a designated chair, identified as “A,” “B,” “C,” and “D”.
- ROUND 1 (8 questions) each question is worth 10 points.
A question will be asked to each individual 4-H member. Only the designated 4-H member may answer. The team member will have 5 seconds to buzz-in to answer the question. There are no toss-up questions in this round.
- ROUND 2 (8 questions) questions are worth 10 points, each.
This round of competition will consist of 2 questions for each pair of chairs in head-to-head competition, with 5 seconds to buzz-in:
For questions 1 and 5 only chairs “A” may answer,
For questions 2 and 6 only chairs “B” may answer,
For questions 3 and 7 only chairs “C” may answer,
For questions 4 and 8 only chairs “D” may answer,
- ROUND 3 (8 toss-up questions and 2 bonus questions)
Bonus questions are tied to toss-up questions and are only asked if the toss-up question is answered correctly. (An incorrect answer disallows the bonus question). A "toss-up" question correct answer is worth 10 points. Incorrect answers are minus 5 points. Contestants have 5 seconds to buzz-in. First to buzz-in MUST answer the question without conferring with team members.
- BONUS QUESTIONS
Bonus Questions are designated as toss-up questions 4 and 8:
The team, answering the designated toss-up question correctly, may confer, and the TEAM CAPTAIN has 10 seconds to answer the bonus question, correctly. In the event the Bonus Question is answered incorrectly, the other team has the opportunity to answer and be awarded the points.
