Disease Control Recommendations for 2008

## DISEASE CONTROL

Current disease control recommendations for homeowner trees and ornamentals can be found in the commercial tree and ornamentals section of this handbook (IPM Handbook, Vol. 2). These include disease control recommendations for annuals and bedding plants, foliage

plants, woody trees, shrubs, and perennial ground covers. Products listed in these articles that can be used by homeowners are available in retail establishments throughout Alabama.

**2008IPM-1312**

**For more information**, call your county Extension office. It is listed in your telephone directory under your county's name.

---

Use pesticides **only** according to the directions on the label. Follow all directions, precautions, and restrictions that are listed. Do not use pesticides on plants that are not listed on the label.

---

The pesticide rates in this publication are recommended **only** if they are registered with the Environmental Protection Agency or the Alabama Department of Agriculture and Industries. If a registration is changed or cancelled, the rate listed here is no longer recommended. Before you apply **any** pesticide, check with your county Extension agent for the latest information.

---

Trade names are used **only** to give specific information. The Alabama Cooperative Extension System does not endorse or guarantee any product and does not recommend one product instead of another that might be similar.

---

Issued in furtherance of Cooperative Extension work in agriculture and home economics, Acts of May 8 and June 30, 1914, and other related acts, in cooperation with the U.S. Department of Agriculture. The Alabama Cooperative Extension System (Alabama A&M University and Auburn University) offers educational programs, materials, and equal opportunity employment to all people without regard to race, color, national origin, religion, sex, age, veteran status, or disability.
