

Green Living Expo 2011

(Partner & Exhibitor List as of March 25, 2011)

Green Living Expo Partners

Alabama Cooperative Extension System

The Alabama Cooperative Extension System (ACES) and its partners are proud to bring you the Green Living Expo 2011. The ACES offers a variety of programs and services that are designed to sustain the environment under the banner of environmental stewardship. In 2008, ACES and AAMU formed a partnership to establish the E-Waste Institute to educate the public and to influence public policies about electronic waste in Alabama and around the world.

Environmental Science Club, Alabama A&M University

The Environmental Science Club (ESC) encourages, educates, and works on environmental issues such as soil and water conservation. ESC was a Green Living Expo partner in 2010, and will continue to manage the Kids Zone activities at Green Living Expo 2011.

RockTenn Recycling Company

RockTenn is a leading producer of paperboard, containerboard, and consumer and corrugated packaging with more than 90 facilities in the United States, Canada, Mexico, Chile, and Argentina. RockTenn is providing the recycling bins for the Green Living Expo 2011. Participants are encouraged to bring paper, plastic, and glass materials for recycling such as magazines, newspapers, cardboard, phone books, loose-leaf, soda bottles, and milk jugs.

The School of Agricultural & Environmental Sciences, Alabama A&M University

Alabama A&M University's School of Agricultural and Environmental Science offers undergraduate and graduate programs in the departments of Agribusiness, Community Planning and Urban Studies, Family and Consumer Science, Food and Animal Sciences, and Natural Resources and Environmental Sciences.

Walmart-Sparkman

On average, Walmart stores and employees provide products and services on an average of 200 million times per week at more than 8,986 retail units in 15 countries worldwide. Walmart is a leader in sustainability, corporate philanthropy, and employment opportunities. In 2005, the company unveiled a plan on energy efficiency and reducing waste and greenhouse gases.

Ad Booklet Sponsors

Gold Sponsors

Alpha Kappa Alpha Sorority, Inc., Gamma Mu Chapter

Founded in 1908 at Howard University, Alpha Kappa Alpha Sorority, Incorporated, is the first African-American sorority founded for and by women of color. The Alpha Kappa Alpha sorority is committed to service to all mankind, and has a Signature Program Initiative in Environmental Stewardship and Sustainability that promotes green living activities.

Green Mountain Glass, Inc.

Green Mountain Glass, Inc. is fast-becoming a regional recycling center that uses processed glass to make commercial products such as glass cullet, landscape sand and mulch, countertops, and surfacing material. Green Mountain Glass is committed to conserving energy and protecting the environment.

Walmart-Sparkman

Walmart has been a partner of the Green Living Expo since its inception in 2010, and is providing something special for the Green Living Expo, a reusable grocery bag while supplies last. This bag is sold at local stores as part of Walmart's initiative to eliminate more than 135 million pounds of plastic waste globally.

WEUP 103.1 FM

WEUP's FM 103.1 is known in the Tennessee Valley for its fresh R&B and Hip Hop music that can be heard globally via the Internet at www.103weup.com. The WEUP Family of stations remains committed to delivering the "urban perspective and providing its listening community with a voice of its own." The WEUP van will be on-site at the Louis Crews Stadium again this year between 11:00 a.m. and 1:00 p.m.

Woody Anderson Ford

Woody Anderson Ford is a family-owned and operated, Blue Oval certified Ford dealership that prides itself on providing excellent customer service. Ford offers customers the option of purchasing energy-efficient cars such as the Ford Fusion and Focus hybrids, and the Taurus SHO that will be featured at the Green Living Expo 2011.

Exhibits & Live Demonstrations

Alabama Cooperative Extension System

The Alabama Cooperative Extension System will display and provide live demonstrations on its programs and services, including Youth Farm Day; beekeeping; faith, raised, and container gardening; shiitake mushroom logs; radon safety; water catchment systems; and Germ City, an interactive game that increases proper hand washing practices among youth and adults.

Pearl Fryar

Pearl Fryar is a topiary horticulturist. Topiary is a horticulture practice of clipping trees and shrubbery into various shapes or "living forms of sculpture." What began as a hobby more than 20 years ago has garnered Fryar worldwide recognition, including a documentary film titled "A Man Called Pearl" that was widely released in 2006. Today, Fryar talks to audiences around the country about his garden while sharing inspirational messages on rising above hardship, reaching for excellence, and spreading goodwill.

Green Mountain Glass, Inc.

Green Mountain Glass, Inc. is fast-becoming a regional recycling center that uses processed glass to make commercial products such as glass cullet, landscape sand and mulch, countertops, and surfacing material. Green Mountain Glass is committed to conserving energy and protecting the environment.

Kids Zone

Kids Zone is a major attraction at the Green Living Expo, and a place where kids can be kids! The Kids Zone is managed by student members of the Environmental Science Club at AAMU. This year the Kids Zone will feature Germ City, an interactive display on proper hand washing techniques, as well as face painting, exercising by Huntsville Hospital staff, and other activities geared specifically for children and the young at heart.

Melaleuca

Melaleuca is a wellness company that develops, manufactures, and sells more than 350 environmentally friendly products for homes and families.

Organo Gold

Organo Gold produces organic products made from Ganoderma Lucidum herb, an ancient Chinese herb that enhances wellness, longevity, youthfulness, and vitality.

Regions Bank

Like other companies, Regions Bank is committed to *sustainability*, and offers environmentally friendly products and e-services such as recycled checks, direct deposit, Regions CheckCard (Rewards), online banking and bill payment, and online statements.

RockTenn Recycling Company

RockTenn is a leading producer of paperboard, containerboard, and consumer and corrugated packaging with more than 90 facilities in the United States, Canada, Mexico, Chile, and Argentina. RockTenn is providing the recycling bins for the Green Living Expo 2011.

ROTC

Army ROTC is one of the best leadership courses in the country today. The United States Army recognizes that *sustainability*, coupled with sound business and environmental practices are important to its overall mission. The Army (ROTC) remains dedicated to implementing policies and procedures that not only safeguard our nation, but also the environment.

The School of Agricultural & Environmental Sciences, Alabama A&M University

Alabama A&M University's School of Agricultural & Environmental Science is a partner of the Green Living Expo 2011. The School of Agricultural and Environmental Sciences will feature several exhibits that include the Environmental Science Club and a wildlife exhibit by the Department of Natural Resources and Environmental Sciences.

Wal-Mart-Sparkman

Walmart is a leader in sustainability, corporate philanthropy, and employment opportunities, ranking number one in *Fortune Magazine's* 2010 Most Admired Companies survey. A partner of the Green Living Expo since its inception in 2010, the company is providing a reusable grocery bag for Expo participants while supplies last. This bag is sold at local stores as part of Walmart's initiative to eliminate more than 135 million pounds of plastic waste globally.

Woody Anderson Ford

The Ford Motor Company has built a series of programs that are designed to sustain the environment, which includes the production of energy efficient vehicles like the Ford Fusion and Focus hybrids, and the Taurus SHO that will be featured at the Green Living Expo 2011.
