Synergistic Efforts to Reduce Pharmaceuticals in the Environment (SerPIE)
Agricultural Science Extension Mentorship Program

JOIN US for SUMMER 2015!

ABOUT THE PROGRAM:
The Alabama Cooperative Extension System and Alabama A&M University are pleased to announce the first Agricultural Science Extension Mentorship Program (ASEMP).

This summer undergraduate mentorship program is a six-week program that offers students a unique opportunity to explore Science and Extension related professions that focus on concepts, like pharmaceutical impacts on the environment (PIE).

Participants will be placed with mentors from diverse backgrounds to participate in experiential learning activities that enhance their understanding of the impacts that pharmaceutical and personal care products (PPCPs) have on animal, human and environmental health and the best management practices necessary to minimize the risk posed by these hazardous bioactive chemicals.

REQUIREMENTS:
• Be a U.S. citizen or permanent resident who is currently enrolled in an undergraduate program.
• Be classified as a Sophomore, Junior or Senior.
• Possess a valid Driver's License.
• Have a current GPA of 3.0 or higher.

APPLICATION:
To apply for the 2015 Agricultural Science Extension Mentorship Program for Undergraduates visit us at: http://www.aces.edu/urban/forestry/SerPIE-ASEMP/ProgramActivities.php

If you have questions concerning the program please contact Dr. Karnita Garner (kfg0003@aces.edu) at 256-372-8331, Dr. Sampson Hopkinson (sampson.hopkinson@aamu.edu) at 256-372-4914, or Dr. Paul Okweye at 256-372-4931.
