

Hydroponic Vegetable Growing

Thursday, April 19, 2018

6:00—8:00 p.m

Are you interested in learning about advanced methods to grow produce? If so, Dr. Jeremy Pickens, Auburn Universities Greenhouse Specialist, will provide an introduction to hydroponics along with methods on how to adopt these technologies to fit small scale production.

Topics will include:

Overview of the hydroponic industry

Hydroponic cropping systems

Understanding fertilizers.

Small-scale hydroponic production.

The Greenhouse environment

LOCATION:

North Alabama Agriplex
1714 Talley Ho Street SW
Cullman, AL 35055

Pre-registration is required on or before Monday, April 16th with a \$10 registration fee due prior to the class. **Seating is limited to the first 40 paid registrants.**
