256-734-1431

Plasticulture Rules and Specs Sheet

1. Equipment will only be rented out for first day usage on Mondays, Wednesdays, and Fridays that the office is open.
2. Rental requires a \$100.00 deposit, refundable upon return of the equipment in full working condition and completely clean to the satisfaction of the Cullman County SWCD.
3. Rental is \$50.00 per day rental fee per piece of equipment.
4. Only one piece of equipment can be rented at a time.
5. Equipment cannot be kept longer than agreement is signed for.
6. Equipment must be returned to the Cullman County SWCD office by 7:30 AM the following morning after last day of agreement or be charged for an additional day.
7. Use the equipment and trailer for intended use.
8. Provide reasonable care as to the security of the equipment and trailer.
9. Be responsible for the repair cost other than reasonable wear and tear of the equipment.
10. Safely strap down or otherwise secure the equipment on the trailer with supplied straps
11. Do not exceed 50 mph or the posted speed limits, whichever is lower, when pulling the trailer and equipment.
12. Do not loan out or rent (sublease) the equipment and trailer.
13. Provide answers to the SWCD crop report questionnaire.
14. Drain all tanks before hauling on road and properly wash out tanks of any fertilizer.
15. Do not add any pesticides (herbicides, insecticides, fungicides etc.) to the tanks.
16. If any adjustments are made to equipment return to original settings.
