Media Advisory

The Alabama Forest Recovery Task Force will hold a series of meetings from July 18-28 to provide information and help for landowners who saw their timber damaged or destroyed in the storms of April 15 & 27. Meetings will include program sessions from state and federal agencies designed to help Landowners work through the recovery and clean-up process. The agenda will cover salvage operations, fire and insect damage considerations, reforestation, government assistance, and tax implications.
