Each season we have a diverse group of instructors hand-picked from across the country. We teach an appreciation of the world outside and help students to explore it while they are at the Coosa River Science School. All instructors have at minimum a Bachelors degree and are First Aid/CPR certified, have completed an extensive background check, and LOVE what they do! Check out staff bios on our website at: coosariverscienceschool.org

Experience the outdoors in a whole new way!

Call or e-mail for more information.

Since 1994 the Alabama 4-H Center has provided the youth of Alabama with an amazing hands-on, experiential, environmental education experience.

Students are exposed to a variety of classes that are all correlated to the Alabama Course of Study and approved by Auburn University. Your students experience hands-on learning in a safe structured atmosphere while benefiting from the comforts and amenities of a full service conference center.
