How to Login to Soil Testing Lab Report Secured Website

1. Open your browser (Internet Explorer, Mozilla Firefox, etc).
   In the address line, type: www.aces.edu/soiltest then hit Enter.
   This will take you to the Soil Testing Lab website (http://www.aces.edu/anr/soillab/).
2. Click on the Customer Login link and hit Continue.
3. Use your e-mail as a password if no password is provided.
4. If you still cannot login, enter your e-mail at LoginName.
5. Click on Forgot Password; this will automatically send you a temporary password to your e-mail.
6. Open your mail and recover your password (and you may highlight it and right click and copy).
7. Go to Soiltest site (http://www.aces.edu/anr/soillab) and write your LoginName.
8. Paste your new password at Password.
9. If this does not work, get out of your browser and start it allover.
10. When you succeed and login, scroll down and click on Password Update at the bottom of the page
11. Change your Password per instruction (insert the password sent to you above as your Old Password).
12. Check if your new password works by getting out of the site and login.
13. Not lucky this time around, be patient and try again. We believe you can do it.
14. If you still have a problem, please e-mail us at: soiltest@auburn.edu or call us at (334) 844-3958.
