Introduction

Applies to All 2020 Championships Event unless otherwise noted in specific rules

IMPORTANT: 4-H Shooting Sports competitive events are, first and foremost, conducted as Positive Youth Development and educational events. The 4-H Shooting Sports Project is merely the vehicle by which 4-H teaches *Life Skills* and encourages the *Essential Elements* of **belonging, independence, generosity, and mastery** via the application of experiential learning. Competition is but one way to celebrate the 4-H youth member's learning experience, and should not be the main objective of any 4-H activity. Alabama 4-H complies with the National 4-H "No Repeat Rule" (*ie: once a youth demonstrates Mastery of a project by attending its terminal event, he or she may not return as a competitor in that event but are welcome to explore a new project or activity*). **4-H Coaches are expected to value, teach, promote, and demonstrate safety and education above awards, recognition and winning.**

Conduct (from [National 4-H Shooting Sports Championship Rules](#). Applicable to all 4-H State and National shooting sports programs):

- **Tobacco and Alcohol:** The use of tobacco/nicotine products and alcoholic beverages by minors at any 4-H event is not permitted. Violation of this policy is grounds for disqualification and dismissal from the 4-H event. Adults may not use tobacco in the presence of youth and alcohol is strictly forbidden.
- **Footwear:** All participants are required to wear shoes that completely cover their feet while on the shooting line or when shooting in any 4-H event. Examples of unacceptable footwear include (but are not limited to) flip-flops, sandals, clogs, and bare feet.
- **Behavior and Sportsmanship:** All participants, coaches, and spectators are expected to demonstrate the highest level of sportsmanship, supporting the objectives and ideals promoted by the 4-H program in general -- and the 4-H Shooting Sports program in particular. Coaches, youth, ACES Staff and spectators are expected to conform to all state [4-H Youth Code of Conduct](#) and [Alabama 4-H Volunteer Behavioral Guidelines](#), Volunteer agreements, and the National 4-H Shooting Sports program code of conduct.
- **Knowledge of Rules and Procedures:** Where possible, each of the Alabama SAFE events are associated with the appropriate National Governing Body (NGB). Exceptions to any NGB rule is noted in the synopsis of that particular championship. It is the responsibility of each Coach and participant

to read the championship rules, understand the procedures used in each event, and comply with the rules and standards of each event. If you have any questions, you are encouraged to clarify any areas of confusion or misunderstanding. **Ignorance of the rules in any event does not eliminate their existence.** Participants are responsible for knowing the rules of their event and staying within them. Learning the rules of an event is part of the educational process for 4-H members.

General Rules

**Apply to all 2020 Championship Events
unless otherwise noted in specific rules**

Registration: All 2020 SAFE Championships, including State-level Postal Matches, will register through 4HOnline. **Registration fees are nonrefundable at Match Director's discretion.** Each championship registration will open approximately 6-8 weeks before and close no earlier than 2 weeks before the date of the championship. **At least one Coach from each team must register through 4HOnline.** This will be the contact person concerning the specifics for the matches.

Cost: Varies per discipline—includes participant fees and event tee-shirt. Late registrants are not guaranteed a shirt.

Eligibility: 4-H events are open to active members of a chartered Alabama 4-H Club that has experiential learning in regularly scheduled and planned meetings. For the State Championships, membership must be in a discipline-specific 4-H club. Participation is limited to those members who are enrolled in the 4-H program, and have been a member for a 90-day (3-month) minimum. Enrollment dates will be verified using 4HOnline. The Alabama 4-H club year begins on August 1 and ends on July 31. Age eligibility is determined by how old the youth is before January 1 of the Alabama 4-H club year. Check the [Alabama 4-H Age and Eligibility Chart](#) to determine the division for 4-H membership. **Seniors are participants born from 2001 through 2005. Juniors are participants born from 2006 through 2010.**

Teams: Teams will consist of a minimum of three and a maximum of four or five participants from the same age division, based on the event of participation. Juniors are 9 to 13 as of January 1, 2020. Seniors are 14 to 18 as of January 1, 2020. Counties may bring more than one Junior and Senior team as long as they are from separate clubs. To qualify as separate clubs, the clubs must meet and practice at different times, in different places, and be led by different volunteers or coaches.

The top scores will determine the team, as indicated in Discipline's rules. A 4-H'er may decide to not compete for team awards and only participate individually. This must be determined at on-site check-in.

Any individual who participates in the National 4-H Shooting Sports Championship may not participate in that discipline at the State 4-H Championship in subsequent years.

Individuals: Individuals may participate in all State 4-H SAFE Championships as long as they meet the eligibility rules.

If the winning Senior team chooses not to attend the National 4-H Shooting Sports Championships, the age-eligible members of that team may compete in that discipline's State 4-H SAFE Championships in the future.

2020 National 4-H Shooting Sports National Competitive Championships: Limited funding up to \$2000.00 is provided by the State 4-H Office for teams who opt to go. Winning teams are responsible for the balance of their expenses, and encouraged to engage in fundraising. Funds raised in the name of 4-H can only be used for the 4-H team members, and only one designated Coach per team. Per 4-H policy, all fundraisers must be approved by the County Extension Coordinator of the county in which the team is located. Do not solicit funds outside the county without permission of that County's CEC.

Safety: All competitors, coaches and spectators (including small children) must wear eye and ear protection when forward of the ready line. No ear protection is required in BB Gun or Air Rifle. No eye or ear protection is required for Archery, only finger tabs. **Any individual may be asked to leave the range at the request of the Match Director, State 4-H SAFE Program Coordinator, that team's Coach, or Range Officers for exhibiting unsafe actions, attitudes, or behaviors. All decisions are final and not subject to protest. This removal is a disqualification.**

No unauthorized electronic devices will be allowed on the competition ranges, and may result in immediate disqualification.

Coaching: Once a team has entered the range or field for competition, only team members, range officers, and scorers/judges will be allowed on the range. Coaches must remain behind the range (except BB Gun). **No one**, including coaches and spectators, can

coach, advise, or assist participants once competition has begun UNLESS rules otherwise allow. Unauthorized coaching from behind the range can result in disqualification. Coaches will ensure that their competitors are familiar with range, range procedures, and championship rules. Ignorance of range procedures or championship rules will not be a basis for protest. Range officers will be appointed by the Match Directors.

Awards: First, second, and third place Team awards will be given in each age division. Individual awards will be given to the first, second, and third place finishers in each class and age division. Awards will be announced at the end of the respective championships.

Code of Conduct: All participants will be expected to follow the [4-H Code of Conduct](#), which is found on the back of the Youth Consent form.

Dress Code: All participants will be expected to follow the [4-H Dress Code](#).

Protests/Challenges: Only 4-H competitors are allowed to protest/challenge their targets. All protest/challenge monies not returned will go to the State 4-H SAFE Program. Protest fees vary by championship and are listed in the specific championship rules.

2020 POSTAL MATCHES:

What is a Postal Match? It's a means by which an absentee 4-H SAFE team or individual's scores may be counted towards state competition, by "mail in"! All Postal Match participants and one coach must register for the event through 4HOnline. If a team or individual has a compelling reason they can't attend the respective discipline State Championship at the designated venue on the designated dates, the team members can shoot what is called a Postal Match. All eligibility rules apply to Postal Matches.

Team members or individuals each shoot rounds strictly following the 4-H rules, under the supervision of an adult Range owner or Officer who has no affiliation with the 4-H Club (cannot be a relative, close friend, or the 4-Her's Coach).

Teams must submit requests for postal match participation in writing, by email, to the state 4-H SAFE program coordinator and appropriate discipline lead for the particular championship 45 days before the date of the event. This request must contain the following:

- 1) Submission must be completed by the relevant 4-H Foundation Regional Extension Agent.
- 2) Subject Line: Postal Match Request
- 3) Reason for not attending respective discipline championship
- 4) Date and location of postal match

- 5) Name and contact information of nonbiased third party scorekeeper.

The person requesting a Postal Match will receive permission or denial by email within 7 business days after the request is made. More information may be requested so that an informed decision can be made concerning the participation.

Teams or individuals who opt to have a Postal Match in lieu of attending the respective discipline State 4-H SAFE Championship will be responsible for their own target, ammo, and range fees. The fee to submit scores for the respective discipline State 4-H SAFE Championship will be double the registration fee of that championship per person.

1. Each discipline Postal Match will strictly follow course of fire for that discipline. For scores to count as team scores, all members must shoot together at the same time and location.
2. Postal Match scores must be supervised and certified by a nonbiased third party scorekeeper. The team's 4-H Coach and anyone associated with the team will not be approved to certify Postal Match scores.
3. The scorekeeper must be approved in advance. Scores must be recorded on standard scorecards. Scorecards will be provided. The scorekeeper must legibly sign each submitted scorecard with the scorekeeper's:
 - name
 - address
 - phone
 - email
 - date of postal match
 - start and end times of postal match
 - location of postal match
4. In the event of a tie between an on-site team or individual and Postal Match teams, the on-site participants will have preference over postal match entries.
5. Postal Match scores must be submitted by email two (2) weeks before the date of the State 4-H SAFE Championship that the postal match is for, to the State 4-H SAFE Program Coordinator and respective championship Discipline Lead. Subject line: **Postal Match Scores**.
