About the Indoor/Outdoor Family Scavenger Hunt

The Indoor/Outdoor Family Scavenger Hunt was created to provide an opportunity for family members to spend quality time together, making it an enriching experience.

This activity includes clues found inside and outside the house. There are several ways to “play” the Indoor/Outdoor Family Scavenger Hunt with your family. See suggestions below:

1. Assign team colors. Print two sets of clue cards matching each team’s color. Place cards in locations for the items described on the card. For each correct answer, teams should find a new clue card describing the location of the next clue. You can spread clues out to make the activity more challenging and competitive.
2. Host a timed hunt by setting a timeframe for family members to locate clues. The person or group who located the most clue cards when time runs out will win a prize.
3. Play in teams of parent-child vs. parent-child or child/children vs. parent/parents.
4. Number clues to have them completed in a particular sequence. Make sure an exciting prize is waiting at the last location.
5. On a rainy day, read each clue and have children draw a picture of the item described in each clue. This can be done individually or as a team.

Have fun doing the Indoor/Outdoor Family Scavenger Hunt together!

Take the Survey

Did you use the Indoor/Outdoor Family Scavenger Hunt? If so, then we want to hear from you. Please take a minute to complete the short survey and tell us what you think about this activity. The survey is available at: https://auburn.qualtrics.com/jfe/form/SV_d3Wcb6QYqxZUogR.

Feedback from surveys help us to improve our programs and better serve the people of Alabama.

#3

**In spring and
summer, they can be
seen in trees looking
green but in fall,
they turn brown. In
winter, they might
not hang around.**
