- *Your Money, Your Life*: Did you know that it costs an estimated $30 billion to travel to the moon? In this workshop, we will learn how to properly manage a budget to make sure that you have enough funds for your trip to the moon.
- *Exploring the 4-H Universe*: As we explore the solar system, you will learn new things every minute. Like space, 4-H has many things to offer that some 4-H’ers do not know about. In this workshop, we will learn all about these 4-H projects.
- *Astro Facts*: Get ready for trivia fun! In this workshop, we will play a trivia game. Don’t worry, the questions are common knowledge, but do you think you can buzz in faster than the other 4-H’ers? We’ll find out.
- *Leading Your Way Through Difficult Conversations*: Whether on a mission to space or in a conversation with a friend, you will always work with people who may have a different opinion than you. In this workshop, we will learn how to better navigate handling difficult conversations.
