Increasing Quality of Life for Alabamians with Research-Based Information

- 4-H'ers are four times more likely to give back to their communities and two times more likely to make healthy choices and participate in S.T.E.M. activities.
- 744,000 people impacted through statewide social marketing campaign to pave a healthier lifestyle.
- Grow More, Give More program donated 32,580 pounds of produce and reached 5,196 Alabama families. Total value: \$60,2474.
- \$525,000 given directly to 13 high-obesity counties, which includes Bullock, for local improvement.
- Programming touches Alabama's Agriculture Commodities (cash receipts) to include broiler and egg industry, cattle and calves, cotton (lint and seed), and peanuts.

One Year by the Numbers
