Career Connections

Photography is a great hobby that you can use all of your life. Skills that are developed through this project have direct connections to many exciting and rewarding careers. These include photojournalism, corporate communications, news photography, portrait photography, wedding and event photography, web-based design, fine art, photo and art therapy, advertising, fashion photography, graphic design, illustration, teaching, and industrial photography.

Community Service

Telling a great story, showcasing projects at a community library, speaking at a local nursing home, or organizing a community cooking or building blocks workshop are great opportunities to serve others. Serving others helps you build academic skills, learn civic responsibility, and develop leadership. It may also give you a good opportunity to meet new people, publicize 4-H, and practice your communication skills. Alabama 4-H is now requiring all Senior Level 4-H members to add a community service component to all 4-H Competitive Events. Each Senior Level 4-H member will have to complete the 4-H Community Service Report as a part of his or her project. 4-H members will be disqualified if the community service report is not included.

You must decide what service you can provide and not have a parent or 4-H leader make this decision for you. Groups of young people are encouraged to work together to discover how they can serve their community.

Identification of Entry

Name, county, and level of participation should be displayed with each entry. An introduction at the beginning of your time would be appropriate.
